

Pharmaceutical Inspection Co-operation Scheme
2019 Seminar

Tokyo; 31 July, 2019

Discounted rate for registration will only last until August 31*

PIC/S Committee Meeting and Seminar

“Quality Assurance of Sterile Medicinal Products -PIC/S GMP Guide Annex1”-

Toyama, JAPAN

November 11 to 15, 2019

Dear colleagues,

Please come and join the PIC/S Committee meeting and Seminar 2019 held at Toyama, JAPAN on 11 to 15 November. The venue will be the ANA Crowne Plaza Toyama.

This seminar is intended to provide a further understanding of the PIC/S GMP Guide Annex1, which is one of the hottest topics, and allow you to enhance your inspection skills on sterile medicinal products through knowledge sharing and discussions with the support of PIC/S experts.

In the workshops, we will arrange **case studies of on-site inspection as group works using videos recorded at manufacturing sites.** We believe this unprecedented approach of the training of on-site inspection will help stimulate active discussions, and provide a great experience for all participants.

PIC/S inspectors registered on the PIC/S Inspectorates' Academy (PIA) website **can watch a sample video** at <https://www.picscheme.org/en/pia-interactive>

As a reminder, discounted rate for registration will only last until August 31. The registration closes on 31 October, but the sooner you sign up, the better. The number of participants is limited and registration will operate on a first-come, first-served basis.

For registration and further details regarding the Seminar, please visit <http://pics-toyama.com/>.

Thank you.
